## **4. OPERATIONAL EXCELLENCE & QUALITY ASSURANCE**

Our adherence to quality is maintained through a systematic and modern operational model focused on manpower, deployment, and monitoring.

### **4.1 Recruitment & Training**

1. **Selection:** Stringent selection criteria based on educational qualifications, physical fitness standards, comprehensive psychological assessment, and compulsory **background verification**.
2. **Induction Training:** Comprehensive initial training covering basic security procedures, legal protocols, and professional client interaction.
3. **Refresher Programs:** Regular, mandatory programs focusing on advanced security drills, **fire safety & emergency response protocols**, first aid, and customer service optimization.

### **4.2 Structured Operational Model**

- **Site Assessment:** Detailed risk and vulnerability analysis to customize deployment and ensure optimal resource allocation.
  - **Deployment Planning:** Development of site-specific **Standard Operating Procedures (SOPs)** and Guarding Orders for clear guidance.
  - **Supervision & Monitoring:** Implementation of a multi-tiered supervision system (Field Officer, Area Supervisor, Operations Manager) backed by remote monitoring for accountability.
  - **Incident Management:** A robust system for timely, accurate reporting, investigation, and analysis of all security incidents to prevent recurrence.
  - **Client Review:** Periodic performance reviews and feedback sessions with clients to measure service effectiveness and ensure continuous client satisfaction.
-

## 5. CORPORATE SOCIAL RESPONSIBILITY (CSR)

Jagadhar Security Services Private Limited is committed to being a responsible corporate citizen, actively contributing to the well-being and sustainability of the community.

- **Community Welfare:** Organizing regular **blood donation camps** and supporting local health and safety awareness initiatives.
- **Educational Support:** Providing **educational assistance** for underprivileged students to foster skill development and opportunity.
- **Environmental Stewardship:** Active participation in **tree plantation drives** and promotion of environmentally sound practices within all operational facilities.

## **8. OPERATIONAL MODEL & QUALITY ASSURANCE**

Our operational structure ensures high-quality service, compliance, and rapid response, enhanced by modern technology.

### 8.1 Personnel Management & Training

- **Recruitment:** Emphasis on relevant educational standards, appropriate age, physical fitness, promotional/motivational aspects, and possessing necessary security training certificates.

- **Training Content:** Includes Security Training, **Fire Alarm Training, Fire Awareness**, health and safety, first aid awareness, and staff development.

### 8.2 Technology Integration and Smart Solutions

We continuously adopt new technologies to enhance accountability, real-time reporting, and operational efficiency:

- **Digital Attendance Tracking:** Security personnel utilize a dedicated **attendance app** with geo-fencing capabilities to ensure accurate, on-site login and logout times.
- **Digital Incident Reporting:** Incidents are logged instantly via mobile devices, allowing for the inclusion of photos, videos, and GPS coordinates for **faster response and improved documentation**.
- **Centralized Monitoring:** We coordinate with technologically advanced, computerized central monitoring stations for 24x7 monitoring of all alarm and surveillance feeds.

### 8.3 Site-Specific Execution

1. **Site Due Diligence:** Mandatory site due diligence is performed before finalizing the Service Level Agreement (SLA).
2. **Confidential Reporting:** We maintain a **confidential report** for your management daily, detailing happenings in the project.
3. **Performance Evaluation:** Staff supervision, performance evaluation, and monitoring services are conducted with weekly reporting of incidents.
4. **Emergency Control:** Clear **Contingency / Emergency Control Procedures** are established and tested.
